TIVOLI (RM) - Strada di Pomata.
Splendid investment opportunity located in the east green hills that embrace the city of Rome. The land of approximately 20,000 m2 cultivated as an olive grove - with approximately 300 centuries-old olive trees, is located in an area rich in suggestions of the Roman era - a few steps away from the villas of Brutus and Cassius, and a magnificent view of the city of Rome. Just 2.5 km from the center of Tivoli, the olive grove develops on the upstream side of the Strada di Pomata. From the Strada di Pomata the land has a rectangular plan with development towards the mountain, and then opens onto a large plateau with horizontal development and then extends towards the mountain again. Possibility of connection to electricity. The convenience of the location located in the immediate vicinity of the city of Tivoli and a few tens of km from the center of Rome, the presence of a road that allows easy access to the land, the possibility of connection to electricity, the presence of even centuries-old plants treated organically and, last but not least, the panoramic view of the location make this olive grove an excellent purchasing opportunity.
